

A Bolsa Chica Conservancy Program

Looking to Make a Difference Become an EONS VOLUNTEER

COME JOIN US DURING NESTING SEASON AT THE BOLSA CHICA WETLANDS!

This public education and outreach program incorporates wildlife observation and monitoring of the endangered California Least Tern and threatened Western Snowy Plover nest sites at the Bolsa Chica Ecological Reserve. Volunteers participate in active data collection and observations to gather valuable data for monitoring these species.

PROGRAM DATES

Training: To be Determined

Bolsa Chica Conservancy Interpretive Center: 3842 Warner Ave, HB 92649

EONS Monitoring Season: April through August 2015
