CalNat

California Naturalist Certification Program

The UC California Naturalist Program seeks to foster a committed corps of volunteer naturalists and citizen scientists trained and ready to take an active role in natural resource conservation, education, and restoration of California's local ecology through science-based education and service.

Schedule:

Twice yearly—once in the spring, and once in the fall. Subject to change based on Conservancy resources and other extenuating circumstances.

Program Cost:

\$450/participant (subject to change)
