Give back to your community and local wetlands by becoming a long-term volunteer with the Bolsa Chica Conservancy! Conservancy volunteers have the opportunity to involve themselves in the aspects of environmental non-profit work that most interests them, including assisting in long-term restoration projects (ie. Harriett Wieder Regional Park and Rabbit Island), leading educational tours and community-based habitat restoration projects, travelling across southern California for outreach events, interpretive center hosting, bird surveying and data collection, and administrative work.

**Must be 18 or older to become a long-term volunteer leader.**

**Begin by attending a 2022 VOLUNTEER TRAINING SESSION!**
All sessions 9:00am-12:00pm.
Long-term volunteer training sessions take place at the Bolsa Chica Interpretive Center (3842 Warner Ave, Huntington Beach 92649).

- 08 January
- 05 February
- 05 March
- 02 April
