

INTERNSHIPS

Gain experience, build your resume, and help your community by interning with the Bolsa Chica Conservancy! The Conservancy offers a variety of internship opportunities in animal care*, restoration, and environmental education. Internships are a great way to gain hands-on experience in the environmental science field!

Applicants must have or be enrolled in a related degree to be considered.

**Please note that the animal care internship involves the handling and feeding of our animal ambassadors.*

All internships require a minimum 150-hour requirement, but longer internships are available upon request.

Spring/Summer Application Period:**
February 1-15

Summer **ONLY Application Period:****
May 1-15

Fall/Winter Application Period:**
September 1-15

**Application periods are subject to change.

For more information about internships, visit our website www.bolsachica.org/internships, or contact Kirsten Haltman at (714)846-1114 or kirsten@bolsachica.org.
