

Title: Restoration Intern

Reports To: Kenny Perez, Mara Salisbury

Duties and Responsibilities:

- Assist with all habitat restoration projects at the Bolsa Chica Ecological Reserve (including the Rabbit Island) and Harriett Wieder Regional Park.
- Assist with habitat restoration events.
- Assist with plant surveys as needed.
- Assist with creating educational materials or plant identification guides as needed.
- Assist with other Conservancy operations and events as needed, including but not limited to:
 - Leading guided tours, services events, or other educational events.
 - Attending outreach events.
 - Assisting with larger events such as annual fundraising events (Barefoot Ball, 4th of July Brunch, etc.), Coastal Cleanup Day, and the Earth Day Festival.
- Participate in cross training, team building, and staff meetings.
- Perform tasks as necessary and assigned.
- Attendance is flexible depending on intern's schedule and extenuating circumstances. Frequent and/or uncommunicated absences may result in termination of the internship.

Position Requirements

- B.A. or B.S. in Natural Sciences or related field of study; or enrollment at a Junior College or University in Natural Sciences or related field of study
- A minimum of **150 hours** is required to complete the internship. Longer term internships are available as well.
